

Beautiful Bespoke Chandeliers

**Sun-Light
Solutions**

www.sun-lightsolutions.com

Bespoke glass chandeliers designed and produced in the UK for discerning clients worldwide.

Working in partnership with a UK based designer, luxury hand blown glass Chandeliers can be produced to clients specification, dependant upon the space the Chandelier is to be created for.

Building on over thirty years experience of working with blown glass, we combine this beautiful material, skilled craftsmanship and the latest technologies to create a unique range of glass Chandeliers.

The Chandeliers are illuminated by high quality LED modules and can be either white, warm white, RGB or RGBW and can be controlled in a number of ways, including full amBX control.

Contact Sun-Light Solutions for further details.
